Year 1

Homework Challenge – Autumn Term 1, 2024

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish.

This will continue to be run alongside the regular reading, maths and English homework that are set.

Art - Colour Tell an adult about the primary and secondary colours. Create either a hot or cold picture using the colour wheel (only use the colours on the hot/cold side of the wheel!)	Science – Your body Draw a picture of yourself. Label the different parts of your body.	Geography – Maps Look at a map of the UK. Can you locate Kings Lynn? Can you locate places that you have visited? Can you locate well known towns and cities? Can you say if they are in the North, South, East or West? Print out a blank map of the UK. Work out where England, Scotland, Wales, and Northern Ireland are. Mark on it where you live. Mark on London and 2 other cities. Where else can you add? Maybe you can show where you have had a holiday or day out this year.
		
Computing – Technology Around Us Creating Media - Digital Painting Open a new 'Word' document on Microsoft Office, click on the 'Draw' tool and create a self-portrait using the skills from our Computing sessions ('Draw' is only available on newer computer systems). See if you can add a label or sentence to go with your work. Don't forget to type in your name – starting with a capital letter!	RE – The creation story Draw pictures to show the 7 days of the Christian story of the Creation.	PSHE – Being me Draw a self-portrait or create a piece of 3D art to represent yourself. Make sure you can talk about it.

The challenge work is due in **on Friday 18th October** and will have the opportunity to present on **Monday 21st October**. The above menu details a range of work for the subjects that your child will cover this term.

We do ask that everyone has a go at this homework, so they all have something to share at the end of each term. We thank you for your continued support.
