

Year 5: Term 2

Reading Books

Reading books will be **changed** as needed. Each child will access the 'Star Reading' test in school, where the reading book level for your child will be determined.

PE - On Fridays

Please send your child to school on **Fridays** with their full PE kit. Please ensure that **earrings are not worn**, or can be removed **independently** by your child on this day. Long hair should be tied back.

We will be doing PE outside for as much of the time as possible so please bring dark coloured tracksuit bottoms and a sweat shirt.

Dojo

We will be sending most communication to you via ClassDojo. If you have not yet signed up for an account, or haven't logged on recently, please do so.

Homework

1 piece of Maths or English homework will be uploaded each week onto Dojo. Once completed, please add it to the necessary portfolio for myself to check. If there are any issues with this, please let me know.

Class Information Year 5

Autumn Term 2021

We hope you find the following information helpful about your child's class. We have included details on how we will be supporting your child in school.

This term we will continue to teach the Year 5 curriculum, as well as continually assessing and filling in any gaps from previous learning.

You will find a brief overview of the curriculum content for English and Maths as well as support for your child's well-being. Information about other subjects will be sent separately in a more detailed 'Knowledge Organiser'. This information is designed to give you a flavour of what the children in Year 5 will be learning this term as well as some more detailed information on the knowledge we expect children to know at the end of this term.

Many thanks for your continued support.
Miss Rudd.

English

Once again in first week back your child will have completed a star reader test, which indicates what level of book they will be reading.

This term we will be exploring portal stories and reading the exciting world of Narnia; with C.S Lewis' classic, "The Lion, The Witch and The wardrobe."

Maths

The children did a very good job in the first part of this term with their knowledge of place value and addition and subtraction skills.

This part of the term we will be moving onto written methods for multiplication and division and it is vital that the children know their tables to progress with their learning.

Recovery Curriculum

We realise that some children will feel a little apprehensive about the return to school. Adults will be on hand to talk to your children and to listen to their concerns.

We will be including lots of additional PHSE sessions aimed at nurturing your child's mental health and wellbeing. We will also use this opportunity to welcome our new members of the class and how our class dynamic may change.

We will also be using some *Get Set 4 Life* sessions, aimed at developing skills and techniques to help build their emotional wellbeing and resilience. Some of the activities we will be doing include athletics, and improving our overall fitness.

During the Autumn term we will be continually assessing your child's knowledge and we will target our teaching towards filling any gaps at the start of each lesson.
