

Year 3: Spring Term 2

Reading Books

Reading books will be **changed** once your child has read them. Your child will then sit a short Accelerated Reader Quiz based on that book.

PE - Monday (Football)

Please send your child to school on a **Monday** with their outdoor P.E kit (suitable for football)

Homework

Every Friday, homework will be uploaded onto the Dojo Class Story.

The completed homework can then be uploaded onto the relevant portfolio for that week's homework or handed back into me.

The homework challenge will also run throughout the term.

Class Information Year 3

Spring Term 2 2022

We hope you find the following information helpful about your child's class.

This term we will continue to teach the Year 3 curriculum, as well as continually assessing and filling in any gaps from the previous learning.

You will find a brief overview of the curriculum content for English and Maths as well as support for your child's well-being. Information about other subjects will be sent separately in a more detailed 'Knowledge Organiser'. This information is designed to give you a flavour of what the children in Year 3 will be learning this term as well as some more detailed information on the knowledge we expect children to know at the end of this term.

Many thanks for your continued support.
Miss Rudd.

English

In English this half term, Year 3 will be learning to write an adventure narrative story whilst learning the model text 'Charlie's Magic Chalk' through Talk 4 Writing methods. Year 3 will develop an understanding of the key features needed for writing an adventure story before writing their own at the end of term. The class text we will be reading this term is Stig of the Dump by Clive King.

In class, Year 3 will be continuing the RWINC spelling programme. Year 3 will be consolidating aspects of grammar this half term such as: main and subordinate clause, using 'a' and 'an' correctly and word classes. Throughout the term we will continue to 'gap-fill' areas of teaching and learning that were missed. This will be done through assessment to inform teaching.

Maths

In Maths this half term, Year 3 will be extending their learning of money. This will include: counting in pence, counting in pounds, finding change, tackling word problems as well as continuously developing their times table knowledge. There are additional 'challenge' activities on hand each lesson to promote reasoning, problem solving and fluency skills. Maths will be taught through the mastery approach combining Maths No Problem and White Rose Maths.

In Year 3 your child will have daily mental arithmetic sessions along with a daily multiplication grid to practise their times tables.

In Maths throughout the term we will continue to 'gap-fill' areas of teaching and learning that were missed. This will be done through assessment to inform teaching.
