Year 3 Homework Challenge -Spring Term 2 2024

We would like children to select one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, maths and English homework that are set each week.

Geography - Settlements

Design a map of your own imaginary settlement. Will your settlement be a hamlet, village, town or city? What features will you include? Create a key to show the different locations.

Science - The Human Body

Create a poster showing the importance of either eating a balanced diet (we learn about food groups in this unit so you can include this!) or about brushing teeth.

History - Law and Power

What would you do if you were in charge of our country? What laws would you create and how would you lead? What do you think makes a good leader? Present your ideas however you like - perhaps a poster or a booklet!

R.E. - The Easter Story

Create a mini book about the Easter story. Can you include some of the main events such as Palm Sunday, Maundy Thursday, Good Friday and Easter Sunday?

Art - Our Locality

To tie in with our Y3 River of Hope project - where we create art inspired by our location including the River Ouse - can you create artwork inspired by where we live? You could take a sketchbook on a walk, make a collage with items found in nature, or photograph some of your favourite places!

PSHE - Healthy Me

Write about the different ways you stay healthy. This can include photos of activities you enjoy and meals you like to eat.

The challenge work is due **Friday 22nd March** and there will be an open afternoon on **Monday 25th March** for children to show their work. Please upload a photo onto Class Dojo and identify which challenge you have completed. We do ask that everyone has a go at this homework so they all have something to share at the end of each term. We thank you for your continued support.
