Year 4

Homework Challenge Summer 1 2025

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, Maths and English homework that are set. The homework is due on **Friday 16th May** and Year 4 will showcase their challenges to parents on **Monday 19th May**. Submitted homework challenges can either be brought in OR you can take a photo of the finished piece and upload it to Class Dojo Portfolio Page named 'Challenge Homework Summer 1 2025'.

Art – Embroidery and Needlework

Create your piece of artwork!

Make your own piece of artwork, using the stitches we have learnt and practised, and using your weaving skills. You could make a tapestry and follow from a design you've seen. Be creative as you can!

Maths – Times Tables

Times Table Snap

Using cut up paper, write down a selection of multiplication number sentences. On the other pieces of paper, write down the answers. Turn your cards over and play snap with a family member/friend. Who can match up their snap cards the quickest?

RE – Humanism

Make a poster about making good choices

Create a poster promoting making good choices. This could be choices at home, or at school. Imagine you are trying to persuade someone that making the right choice leads to rewards. What does it mean to make a 'good' choice? What do Humanists believe?

History – Early Stuarts, Gunpowder and Civil War

Gunpowder Plot Puppets

Create your own Guy Fawkes puppet along with other key characters to re-enact the dramatic story of the Gunpowder Plot. Take photos or a video of your live performance to share with the class!

PSHE – Relationships

Have fun with your family/friends!

In PSHE, we have been looking at the importance of relationships and the sense of belonging. Spend some quality time with your family/friends whether that be baking, board games, crafts, going outdoors. Take photos to share with the class!

Science – Electricity

Design your own electric circuit

Using all your knowledge of circuits and electricity, design your own electric circuit. How many wires, bulbs, buzzers, and batteries will you need? Label your diagram and bring it in to show the rest of the class.
