Wildlife & Environment Club

The children have been having a fantastic time in the club. They made bird feeders last week, which they put out this week—take a look around, I am sure you will be able to see them! They also created artwork in hula hoops using natural resources as inspired by sculptor Andy Goldsworthy.

Tips for Reading!

Hint number two!

Keep it Varied. Whether it's a novel or a poem, a history book or a science guide, a travelogue or a comic, diaries or jokes, a biography or a picture book, variety is the spice of reading life. As I write, library services are understandably patchy so it's worth checking online before heading to your nearest branch. If you don't have the titles at home, then ebooks are an option there's a lot to explore online too. For example, explore Poetryline run by the Centre for Literacy in Primary Education at clpe.org.uk/poetryline or search online for the work of performance poets such as Kate Tempest and Caleb Femi

Are you are superhero with your lunchtimes free???? If so - have you ever thought about becoming a Midday supervisor at West Lynn Primary School?

We need enthusiastic, dedicated heroes to look after our children. If you think you might be interested, please check out this website for more details:

Closing date 29th September!

Making the most of your leftovers!

Now more than ever, it is important to make sure you are getting the most out of your food! We have been sent some ideas from the "Kids Fruit" organisation that we thought might be useful to share. Look out for the next one, next week!

Fruit Smoothies and Juices

There is nothing better than a fruit smoothie to quench your thirst. They are absolutely delicious and they fill you up too, to stop you from getting hungry in between your meals!

When your fruit is looking a little over-ripe, make sure you give it a wash, peel and chop it up before putting it in the blender. Then add some liquid to thin it out - we recommend yoghurt with a bit of milk for a more filling smoothie, or some fruit juice (you can use water if you do not have any) and some ice for a more refreshing drink.

You can try many different combinations of fruit (or sometimes even vegetables) that you want! Sometimes we even add spreads or oats for extra flavour!

Our favourite breakfast smoothie is: one banana, a dollop of peanut butter, half a cup of oat milk, some crushed ice and a drizzle of honey. Give it a try, we promise it is delicious (Being careful of allergens of course).

If you make too much, you can always put it in the freezer and save it for another day, or eat it as a frozen dessert (this works best for yogurt-based smoothies)
