Make Music Together

Now that you are playing an instrument, come and make music with other children!

As a member of West Norfolk Music Centre, you will play your instrument in a small group of children led by an experienced music teacher.

You will play music at a level which suits your playing ability. Even if you have only learnt how to play a few notes, we will guide you on the next steps in your musical journey.

You will also be part of a singing group, where you will learn more about the building blocks of music and have the chance to perform to friends and family.

Benefits

Playing and singing with others is a rewarding experience.

Playing and singing in a group helps you learn to read music, to listen to yourself and others, and to be part of a team. You will learn about pitch, rhythm and using music to tell a story.

As you gain musical skills and knowledge, you will give your playing a real boost. You will build confidence and develop creativity, discipline and memory.

And making music together is a great way to have fun and to make new friends. Why not come along and give it a try?

FAQ

What age do I have to be?

We do not have a strict age limit, but most of our members start between School Years 5 and 8.

Would I have to join both groups?

We encourage you to make the most of your membership, but if you can only make it to one group that's fine. As you develop as a musician, you can join any of our more advanced groups too.

What is the Music Centre?

West Norfolk Music Centre is a registered charity. We have been providing musical education in King's Lynn for over 40 years at our Saturday music school.
